What information do we collect?

We collect information from you when you subscribe to our newsletter.

When registering on our site, as appropriate, you may be asked to enter your name, e-mail address, mailing address, and phone number. You may also visit our site anonymously.

What do we use your information for?

Any of the information we collect from you may be used in one of the following ways:

- To personalize your experience
Your information helps us to better respond to your individual needs.
- To improve our website
We continually strive to improve our website offerings based on the information and feedback we receive from you.
- To improve customer service
Your information helps us to more effectively respond to your customer service requests and support needs.
- To process transactions
Your information, whether public or private, will not be sold, exchanged, transferred, or given to any other company for any reason whatsoever, without your consent, other than for the express purpose of delivering the purchased products or services requested by the customer.
- To send periodic emails
The email address you provide for order processing, will only be used to send you information and updates pertaining to your order or request.
If you decide to opt-in to our mailing list, you will receive emails that may include company news, updates, related product or service information, etc.

Note: If at any time you would like to unsubscribe from receiving future emails, we include detailed unsubscribe instructions at the bottom of each email.

How do we protect your information?

At this time we only maintain names and email addresses of our clients. Our sales are handled by third party sites, Paypal, Paydotcom.com, Clickbank and Bizmagination. We implement a variety of security measures to maintain the safety of your personal information when you place an order or access your personal information.

These security measures include: password protected directories and databases to safeguard your information, SSL (Secure Sockets Layer) technology to ensure that your information is fully encrypted and sent across the Internet securely or PCI Scanning to actively protect our servers from hackers and other vulnerabilities.

We offer the use of a secure server. All supplied sensitive/credit information is transmitted via Secure Socket Layer (SSL) technology and then encrypted into our Database to be only accessed by those authorized with special access rights to our systems, and are required to keep the information confidential.

After a transaction, your private information (credit cards, social security numbers, financials, etc.) will be kept on file in order to process membership renewals where applicable.

At this time, we don't store credit card information on our own servers. However, if we do, we will take appropriate measures to ensure that we are PCI DSS Compliant.

Do we use cookies?

Not at this time. However, we may in the future. Cookies are small files that a site or its service provider transfers to your computers hard drive through your Web browser (if you allow) that enables the sites or service providers systems to recognize your browser and capture and remember certain information.
